P Q R S T U V W X (W H Y) Z STUDY?

It releases the mind to explore the hidden principles of life.

Kenneth Gray

I study so that when the time comes I will walk across the stage and receive my diploma.

Mary Sudderth

Because studying is an instrument for satisfying the curiosities of my mind.

Deborah Morris

I don't.

The year 1977 brought many changes in clothing styles. The new look was very much in evidence on the Sam Rayburn Campus. Three typical examples are worn by (l. to r.) Sophia Thornton, Becky Banks, and Deanya Kueckelhan.

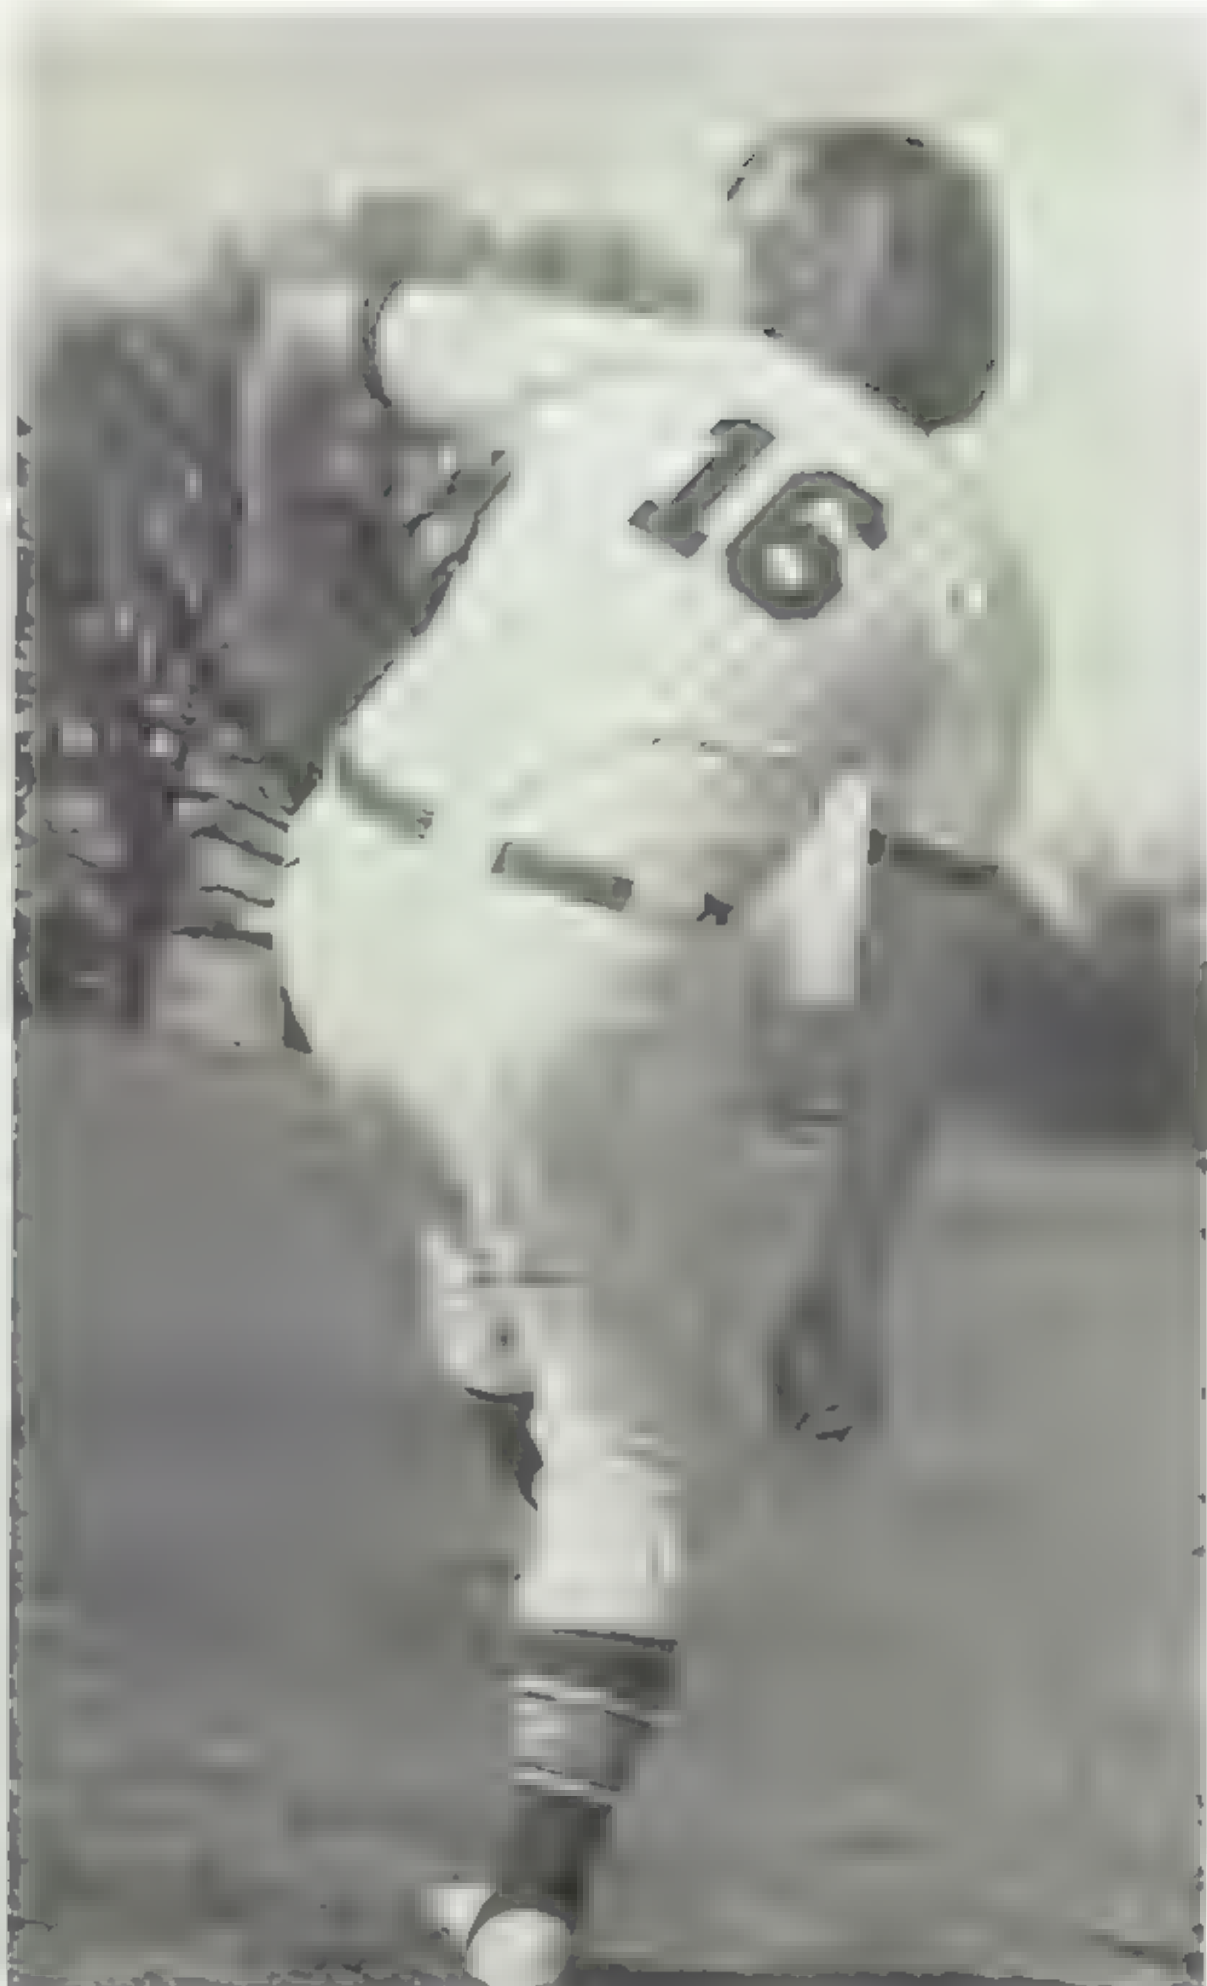

SPORTS

At SRHS baseball is becoming more than just a what-we-do-at-the-end-of-basketball-season game. It is an increasingly popular sport in its own right. The warm sunny afternoons, the immensity of the playing field, and the easy pace of the game all help to give a feeling of casualness and freedom to players and fans alike. Then, too, the glimpse of a red and white pin-striped uniform and the sound of the crack of a bat serve as pleasant reminders that the end of school is not far away. Spring has arrived at last.

A PERSONAL WORD, PLEASE.

Good citizens must be capable of more than a mere existence under our flag's protection. All Americans have an obligation to contribute to the national growth and the preservation of our ideals. The youth of America need more than just an adequate preparation to meet this responsibility. They need to appreciate the moral, intellectual, and aesthetic values in order to enjoy a satisfying personal life. One of the principal goals of the Sam Rayburn Schools is to help develop these values within you.

This year has been very pleasant from an administrative standpoint. The cooperation and dedication of the faculty and student body have made the attainment of many of our educational goals possible.

OUTSTANDING VOCATIONAL STUDENTS

CONNIE FOREMAN, junior student, has been actively interested in the Sam Rayburn Chapter of FHA during her three years of high school.

She maintains a high scholastic average and has, by her involvement in FHA work, demonstrated leadership ability. Connie served for two years as song leader for her local chapter and was a member of the area choir her Freshman year. She is at present enrolled in a cake decorating course, and also enjoys making many of her own clothes.

These qualities, along with her magnetic personality, won for Connie the outstanding FHA Student of the Year Award.

DEANYA KUECKELHAN, senior student, has been involved in all phases of the Vocational Agriculture Program for the past three years.

She served as District President of FFA during her Junior year, and is this year President of the Sam Rayburn Chapter as well as First Vice President of the Area FFA.

Deanya has manifested her interest in the program by attending a Leadership Training Workshop in Waco, helping to conduct a Leadership Training Class in Denton, and by serving on the Courtesy Corps at the FFA State Convention in Houston.

Deanya's responsible role in local, area and state FFA work entitled her to receive the Outstanding FFA Student Award from her local chapter.

SAVING TIPS

on electric air conditioning

Central Systems

1. Set thermostat on 78°, or higher
2. Have equipment checked seasonally by qualified serviceman
3. Check filter every 30 days. Clean or replace when dirty
4. Keep furniture, draperies away from air outlets and returns. Clean grills often
5. Close draperies and blinds to keep out sunlight
6. Keep fireplace damper closed
7. Proper home insulation keeps heat out, cuts energy use
8. Weatherstrip doors and windows. Caulk cracks
9. Keep windows closed. Open outside doors as little as possible

Window Units

Follow above suggestions, plus these:

10. Buy units with highest "energy efficiency ratio" (EER). If EER is not on sales tag, ask for it or figure it yourself. Divide "wattage" into "BTU" capacity
11. Place unit where it'll get as little direct sun as possible
12. Aim air outlets at lower half of doorway to next room to allow warm air from that room to enter at the doortop for recirculating
